The Montgomery County Fair closed Saturday with a large crowd to witness the suckling colt stake for \$1,100 and the three-gaited championship. The colt stake was divided into sixteen money and it was shown with twenty-six entries and ribbons tied as follows, after one hour and one-half show. C. L. Pemberton, of Elizabethtown, being the judge:

FLETCHER DEATON GETS LIFE TERM IN STATE PENITENTIARY

The jury in the case of Fletcher Deaton found him guilty of conspiracy to murder Ed. Calahan, of Breathitt county, and gave him a life sentence, after deliberating an hour and five minutes, at Winchester Saturday. The convicted man did not change countenance when the verdict with its sentence of life imprisonment was read, but turned and whispered to his wife. Mrs. Lillian Gross, the daughter of the dead former Sheriff, expressed satisfaction when she heard the result of the trial.

Doc Smith has already made a full confession of his share in the murder conspiracy. Andrew Johnson was convicted early in the week and sentenced to life imprisonment. James Deaton, the third alleged gunman, was placed on trial yesterday. On Saturday night, his father, said to be the brain and controlling force of the conspiracy, is convicted of conspiracy and given a life sentence.

Fletcher Deaton, although showing no emotion at the verdict was read, is a broken man. Long confinement and the anxiety and strain of the trial have made a marked change in his appearance and he has greatly aged under the unusual and unwholesome atmosphere and inaction of jail life.

CARLISLE MAN BOOSTED FOR U. S. MARSHALSHIP.

The Winchester Democrat says: "Col. Robert George, of Carlisle, is being urged for the Eastern District Marshalship by those who are 'strong' with Senator James in Winchester and in the adjoining counties. The Nicholas county man is one of the best Democrats in the State and made a large fight last year for the big Senator and Hon. J. M. Stevenson for the high places on the Democratic organizations of the State. He carried his own county against big odds and Senator James has had his eye on him for some time. He is a brother of Messrs. C. B. and W. W. George, of Winchester. The high endorsement sent to Washington in his behalf have swamped the private secretaries of Senator James."

Mr. George is also a brother of Mrs. James Porter of this city.

SUPPORT PROMISED TO WILSON'S CURRENCY BILL.

Following a conference with President Wilson, Chairman Glass, of the House Banking and Currency Committee, announced that a vote on essential features of the Currency Bill would be forced in the committee this week and then the Administration would decide what action to take next. Favorable action on the Currency Bill has been promised President Wilson by many Congressmen.

DIXON RELEASED UPON DEMAND OF UNITED STATES.

Charles B. Dixon, Jr., United States immigration inspector, who was shot in Juarez, was taken to El Paso after a demand for his release and the arrest and punishment of his assailants had been made by Consul Edwards. Drastic representations were made to Mexico by the Washington Government.

SHARP PENCIL HOOKS WATCH

Broker Bumps Into Stranger in Subway, and Finds Addition to His Wealth in Pocket.

New York.—A newly sharpened pencil sticking out of his upper outside coat pocket, S. J. Karp, an insurance broker, got off a subway express train at the Fulton street station. When he reached the exit from the station he met a crowd of persons running for the same train he had just left, and bumped squarely into a tall young man wearing his watch at the end of a chain fastened to his lapel, in the same kind or a pocket that Karp's pencil stuck out of.

"Did I hurt you?" said the young man, recovering from his collision with Karp.

"Not a bit," answered the insurance broker.

Arrived at his office, Karp put his hand in his outside lower left-hand pocket and pulled out, instead of a letter, an open-faced, yellow metal watch, with case No. 75,080. It flashed over him that his pencil must have hooked this from the pocket of the tall man into whom he had bumped. He took the watch to police headquarters.

Dr. Mercer and Brides Perform the Ceremony Themselves at Beaver, Pa.

Beaver, Pa.—A remarkable marriage contract was entered into by Dr. Askelon Mercer, seventy-five years old, of Beaver Falls, and Sarah L. Calgrove, sixty-five, of Wetzel county, West Virginia. When they obtained a marriage license here they blithely informed the clerk all they needed was a certificate, as they could dispense easily with all bridal attendants and a clergyman.

Guided by this information, the clerk issued a license for Mr. Mercer and Mrs. Calgrove to marry themselves in the presence of witnesses. Dr. Mercer said he had been married five times and in each instance he and his bride had performed their own ceremony, always in the presence of two witnesses.

American teams at Meadow Brook, Long Island, have little conception of the strenuous game polo, when played as these champion poloists play it, really is. The photograph vividly portrays an intense moment of the second game of the international match played June 14, when the following players (left to right) Waterbury, Freaque and Milburn (Americans in white shirts, English in dark shirts) were engaged in a hair raising scrimmage as Captain Freaque sent a smashing drive, but failed to make a goal.

\$350,000 FOR CHURCH WORK

Estate of J. Milton Colton of Philadelphia Contributes to Presbyterian and Other Sects.

Philadelphia.—Funds aggregating more than \$350,000 are bequeathed to various activities of the Presbyterian church by the will of J. Milton Colton, a former Philadelphia banker, probated the other day in Norristown. The estate is valued at \$1,500,000.

After providing for his widow and other members of his family, a fund of \$350,000 is created and divided into 20 parts. Three parts go to the board of foreign missions of the Presbyterian church to pay salaries of missionaries; two parts to the Presbyterian board for relief of disabled ministers and the widows and orphans of deceased ministers and three parts to the board of publication of Sabbath school work of the Presbyterian church.

The remaining parts are devised to local Presbyterian charities and for founding and endowment of a Young Men's Christian association at Abington, where Mr. Colton lived.

Peach Orchard Destroyed. Camden, N. J.—Aroused by the barking of his dogs, Martin Kahout of Atco, rushed out of his house and was dumbfounded when he discovered that not a tree in his peach orchard was left standing, each being chopped down close to the ground. He could advance no reason for the destruction. Kahout expected to get \$1,500 from the crop.

Burglars Commend Householder. Paterson, N. J.—Thieves who visited the home of Thomas Mahoney here while he and his family were in California got nothing. They left a note commending the owner on his foresight.

LEXINGTON JUDGE NOT FOR THE SLIT SKIRT.

The nifty slit gown which recently made its appearance in Lexington has been placed under the ban insofar as the garment is worn by girls of Juvenile Court age. This is the decision of County Judge J. Percy Scott, of Fayette, who is also judge of the Juvenile Court.

The edict of the court was given Friday morning during the trial of a 16-year-old girl who faced the court on the charge of having improper guardianship. Dressed in a smart rich blue slit gown and riding in an automobile with a young man, the girl was taken into custody Thursday afternoon.

Judge Scott on Friday committed the girl to a convent. He declares that "grownup folks" may wear the Parisian garment split to the knees, but asserts that so long as he is Juvenile Court Judge, young girls shall not wear the new garment on the streets.

SURPRISING CURE OF STOMACH TROUBLE.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengel, Plainfield, N. J., writes: "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.

You have tried Dundon for eight years and you know he gives you bad roads. Take a chance on a change. Vote for McMillan for County Judge.

BEST MEDICINE IN THE WORLD.

"My little girl had dysentery very bad. I thought she would die. Chamberlain's Colic, Cholera and Diarrhoea Remedy cured her, and I can truthfully say that I think it is the best medicine in the world," writes Mrs. William Orvis, Claire, Mich. For sale by all dealers.

ONE-SIXTH OF POPULATION GO TO MOVING PICTURE SHOWS.

In the August American Magazine, in the department called "The Misperpreter's House," appears an interesting account of a thorough investigation of the moving picture business recently made in Cleveland, Ohio. The following extract presents some important facts showing the general trend of business:

"There are in Cleveland one hundred and thirty-one movies, with a seating capacity of 62,442. The statistics of attendance are interesting. During the one-round tour of the investigation 8,245 children were counted, and over half of them, 4,290, were unaccompanied. About 115,000 people—men, women and children—daily attend the motion pictures—one-sixth of the population of Cleveland. This is for the week days and counts all performances, afternoon and evening. There is no way to estimate the 'repeaters.' On Sundays and holidays 200,000, or one-third of the population attend. A residence canvass of ten families in five that on an average over one-half teen different neighborhood showed of all families visited picture shows more than once a week. And when you think that Cleveland figures are probably pretty representative for the whole United States, it gives you an idea of the immense patronage of these places and the immense influence and opportunity they have."

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.
We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all his business transactions and financially able to carry out any obligations made by his firm.

—Whiskbroom II, thought by many turf followers to be the greatest race horse of all time, will probably be a starter in the \$10,000 Kentucky Endurance Stakes, the four-mile race, that opens the Churchill Downs meeting on October 8, and features the fall racing season in Kentucky.

If you are satisfied with bad roads, keep Dundon in office. If you want good roads for the taxes you pay vote against him. Vote for McMillan for County Judge.

Can't Keep It Secret.

The splendid work of Chamberlain's Tablets is daily becoming more widely known. No such grand remedy for stomach and liver troubles has ever been known. For sale by all dealers.

You cannot vote for Judge Dundon without endorsing his administration. The people of Bourbon have done their part promptly each year. They have paid about \$45,000 each year to the Treasurer of Bourbon county for roads. But they have no roads. Will you endorse an administration which collects your taxes but gives you no roads?

ONLY PERFECT BABY SO FAR DISCOVERED IN AMERICA.

In the August Woman's Home Companion the campaign for "Better Babies" is further reported. The "Better Babies" movement is a movement toward the improvement of children by means of baby shows where babies are judged according to their physical condition rather than according to their beauty. Hundreds of these shows are being held in the United States this year, and in case the children are judged precisely as live stock is judged—according to a strict score card prepared by eminent physicians. Of course the most important part of these shows is the opportunity they afford for distributing among mothers practical scientific suggestions for the care of children. This is being done with thoroughness and great success.

In the report of the August Woman's Home Companion entitled, "Better Babies in Cities," there is an account of two successful contests organized and managed by women of Iowa. Following is an extract from the report of the Knoxville show:

"The final feature proved truly dramatic. First the physicians had found a perfect baby, Sidney June Chastain, aged twenty-five months, son of a successful young business man and a mother who springs from fine Georgia stock, an ideal American boy. When the youngster was pronounced perfect half a dozen medical men took him in charge and put him through a second and more rigid examination. But there was no shaking that first verdict. Sidney June Chastain had scored the maximum possibility on the Better Babies Score Card, one thousand points, one hundred per cent.

"It was hard for physicians and committee members to keep the secret, but the feat was accomplished, and when the announcement was made in connection with the prize award, applause shook the building. Sidney and his proud but astonished parents were asked to come to the platform so that the audience could look the hundred per cent. baby over. The little lad received not only the first cash prize in his class but two silver mugs, one presented by the Woman's Anti-Tuberculosis League, the other by the Woman's Home Companion, in recognition of the fact that Sidney was the first child to reach the standards of weights and measurements set in the Better Babies Standard Score Card."

CERTAIN CURE FOR NERVOUS DEBILITY. Tona Vita Overcomes the Trouble in A Few Weeks' Time.

There is a remedy that is absolutely certain to build up those suffering from a worn down condition. This remedy is considered the most successful medicine ever sold to the public in this country. It is called Tona Vita and it is fast becoming a national tonic, endorsed by physicians everywhere. If you are debilitated, tire easily, have little strength or ambition and are nervous and depressed, get a bottle of Tona Vita at once. You will be delighted to feel your old health and strength returning in a few days' time. If you have lost flesh, note your weight before taking it, and then get on the scales a week later. DEMOCRAT AND REPUBLICANS JOIN IN SELECTING OFFICERS

As Predicted by This Paper the Democratic County Commissioner Joins Hands With the Republican Commissioner of Election in Selecting Officers of Election for the Various Polls in Paris and Bourbon County.

The Board of Election Commissioners of Bourbon County, consisting of the Sheriff of Bourbon County and a Democratic Election Commissioner and a Republican Election Commissioner, met last Thursday and what the News predicted several weeks ago would happen, was exactly what did happen.

The readers of the News will remember that we called attention to the fact that as early as last August a list of five names was certified (as though selected at a meeting of the Democratic County Committee to the State Board of Election Commissioners at Frankfort, from which a Democratic Election Commissioner for Bourbon County was selected by the State Board, and that all five of the names certified to the State Board turned out to be for Dundon and O'Brien. There are twenty of the Democratic Commissioners and it takes eleven to make a quorum and 14 or 15 of the 20 have signed a statement that no such meeting was ever held. Still all five of the names for Dundon and O'Brien went through, there had been a meeting, resulting, of course, in a partisan of Dundon and O'Brien being named as Democratic Election Commissioner. We also called attention to the recent automobile trip of Dundon and O'Brien to Frankfort to prevent this partisan selection from being disturbed. The advantage of having a partisan of theirs in the office of Democratic Election Commissioner of Bourbon County is obvious when we remember that there are but three members of the Board and that the Republican Election Commissioner was hostile to Mr. Hinton and against McMillan, so that a partisan of Dundon and O'Brien filled the office of Democratic Election Commissioner would unite with the hostile Republican Commissioner in selecting the officers of the coming election, those two members of the Board of three controlling.

And this is exactly what was done. The Chairman of the Board last Thursday inquired publicly of the Democratic Commissioner of Election, this partisan of Dundon and O'Brien, whether he and the Republican Election Commissioner had agreed to stand together on the officers of election for the various polls and this Democratic Commissioner, a partisan of Dundon and O'Brien, admitted publicly that they had. In fact the list had already been made out by the two in writing. So, the scheme was commenced last summer to get in a partisan of Dundon and O'Brien to fill the office of Democratic Election Commissioner of Bourbon County upon the theory that he and the Republican Election Commissioner, who was hostile to Hinton and McMillan, would put their heads together and work together, has turned out just as we expected and as we predicted. This Democratic Election Commissioner and this hostile Republican Election Commissioner have outwitted the Sheriff and put in the list of officers already agreed upon by them and reduced to writing before the meeting.

But will the voters of Bourbon County permit politicians to thwart the will of the people even though they commenced so far ahead as in this? There is no question in the mind of any well informed Democrat that a majority of the Democrats of Bourbon County are in favor of a change in the office of County Judge and every Democrat should see to it that the majority shall control this time, and that there is a fair deal given each candidate at the polls.

"United we Stand, Divided we Fall"

POLITICS

The honest and straightforward farmer has little conception of the wiles of politicians. He has little idea how far ahead politicians look in order to play a trick. As far back as August, 1912, before Mr. Dundon and Mr. O'Brien publicly announced for office, we find a list of five names being certified to Frankfort as though done in a meeting of the Democratic County Committee (whereas fourteen of fifteen of the twenty members signed a statement that there was no such meeting), and we find all five of the men whose names are so certified, for Dundon and O'Brien. From this list the Democratic Election Commissioner of Bourbon County was to be and was selected, and of course this resulted in a partisan of Dundon and O'Brien getting the office.

Of course, this scheme would not have been set on foot long ahead of this election if it had not been a great advantage to Dundon and O'Brien to have this thing done. The object of all this plot was to get an Election Commissioner who would be a partisan of Dundon and O'Brien, and who would appoint partisans of Dundon and O'Brien such voting precincts in Bourbon county as it might be important to have their partisans to fill the booths.

A few weeks ago it was noised

It certainly would be an unfortunate thing for Bourbon county if Judge Dundon should by any sleight-of-hand in politics be re-elected. He would certainly be justified in believing that his neglect of the turnpikes of Bourbon county was entirely satisfactory to the tax-payers of Bourbon county. Would you blame him if he accepted his reelection as an approval and endorsement by the people of Bourbon county of his management of the turnpikes of Bourbon county. He would be bound to conclude that the condition of the turnpikes of Bourbon county was satisfactory or that the voters of Bourbon county do not care a continental whether he keeps up the turnpikes of Bourbon county or not, and either conclusion would certainly be a calamity to the people of Bourbon county.

Do you want Judge Dundon in office four years more under the impression that the people of Bourbon county are content with the turnpikes of Bourbon county, and that he can go along in the same old way another four years, letting the turnpikes go down, down and down as they have been during his eight years' administration?

about that an effort would be made to expose this plot before the State Election Commission at Frankfort, and to have the appointment set aside, whereupon Dundon and O'Brien took passage together in an automobile to Frankfort to prevent any change being made. They wanted the advantage which this scheme had worked for them.

At one time, that is, several years ago, they held themselves out as enemies one to the other, but when last summer a chance arose to get something done to help Dundon and O'Brien jointly in their coming election (in the way of sending names of five persons for Dundon and O'Brien only) they embraced and made up. Dundon may be trying to look like he doesn't know O'Brien when he rides out in the county precincts to electioneer, but don't be deceived by appearances. Watch them here on the street a night or two if you think they are strangers to each other. They have yoked up together for their mutual benefit, and yet some one living in the country who doesn't know what goes on weeks ago if O'Brien and Dundon were friendly! Great Scott! Walk along the street some night and see them with their heads together plotting together for their joint benefit.

FROM AN OLD TURNPIKE MAN.

A great deal has been said in the papers about the turnpikes in Bourbon county which have gone without repairs of any kind for years, and which consequently are now in a deplorable condition. But I have not noticed anything said in the papers about the waste of money on some turnpikes that have been worked. I was for many years the president of a turnpike, and gave the subject of the working of the pike much study. During the past six or eight years the pike of which I was once president has had a lot of work done on it at great expense to the county.

But those in charge did not ditch it or throw the dirt to the center so as to keep the pike from washing, and the first big rain or two carried into the branches and bottoms a greater part of the materials, and the money was thus largely wasted.

A great reform is needed in Bourbon county. The people of Bourbon county are not getting the good that ought to be gotten from the expenditure of taxes for roads. The same money, when the work is done right, will accomplish so much more, and a pike when properly built or repaired will last so much longer than where the same amount of work is done, and not done properly or left to wash. We certainly need a radical change in the management of our roads.

Respectfully,
OLD PIKE MAN.

Where a County Judge does not come to his office before 9 or 10 or 11 o'clock in the morning and then has his private law business to attend to, has he really time to fill the office of County Judge further than to draw the salary?

If you live in town or on some favored pike near Paris you may not know the condition of the miles and miles of turnpike in Bourbon county which your fellow-citizens have to travel. If you do not travel yourself, call up some of the people in the county precincts and acquaint yourself with how Judge Dundon has discharged his duty with reference to the turnpikes of Bourbon county before you undertake next Saturday to give him your support and the approval of your vote.

BIG PREMIUMS OFFERED IN SADDLE AND HARNESS CLASSES.

Attractive premiums calculated to bring into the show ring some of the best harness and saddle horses in the country are offered by the Bourbon County Agricultural Society on the second day of the fair which begins August 19th and will continue for five days. The entries will embrace some of the finest productions of this section of Kentucky. The awards in Class A. of the Babies Health Exhibit, given under the auspices of the Babies' Health League, will be made on the second day of the fair.

Eight Years Bad Roads---Try C. A. McMillan Four Years.

RESPONSIBILITY FOR THE TURNPIKES.

Several weeks ago the News, upon getting the information that Judge Dundon was dodging his responsibility for the condition of the turnpikes by telling the voters throughout the county that he was not at all responsible, but that the Magistrates alone were responsible for the condition of the turnpikes, we called the attention of our readers to a decision of the Court of Appeals of this State holding that the County Judge is responsible and may be indicted for the turnpikes being out of order. We offered, in the event that anyone challenged the correctness of our statement, to procure at our own expense a copy of the decision of the Court of Appeals and publish it in full, but nobody, not even Judge Dundon or his friends, has come forward to question our statement, because they know that it cannot be questioned. They know that we have the record on them and can produce the record. We accordingly trust that no voter of Bourbon county will any longer be misled by this effort to dodge the responsibility for the condition of the turnpikes in Bourbon county. The law holds him responsible and the voters of Bourbon county will hold him responsible for the condition of the turnpikes.

FIRST DAY OF FAIR WILL BE THE BEST IN HISTORY.

The first day of the Bourbon Fair, which will begin August 19th promises to be the best in the history of the agricultural organization. The opening day will have its usual feature—the exhibition of ponies—which has always heretofore proved a drawing card. This event will bring together the largest number of ponies ever exhibited on the local grounds. In addition to this feature, many other no less attractive will attend the opening. A departure from the usual custom, and an attraction that promises to be quite interesting, will be the cake walk for colored people on the afternoon of the opening day. Other features will be the ring for harness and saddle horses, roadsters and colts. A special premium of \$50 divided into three monies, will be offered on the opening day for the best stalk of green tobacco grown in Bourbon county.

Every tax-payer in Bourbon county should condemn the present administration for its neglect of the turnpikes and its waste of the public money and vote for a change in the administration. Let us have a new head to the Fiscal Court. Let us get out of the old ruts and begin a new order of things. Better roads—a better turnpike system in Bourbon county.

All who are in favor of better turnpikes in Bourbon county, signify that fact by saying "I" (and voting for C. A. McMillan).

All who are opposed to good turnpikes and want the turnpikes to remain as bad as they are, signify that fact by saying "No" (and voting for Denis Dundon).

You cannot vote for Judge Dundon without giving his administration your approval and that means that you are approving an administration which has neglected the turnpikes of Bourbon county until the Grand Jury has been compelled to bring in a public arraignment for neglect of duty.

Democratic voters! Don't be misled by all this talk of clean elections! Keep your eyes on the negroes from Claysville, Ruckerville and other and see that they are not taken to the polls and voted for Dundon.

If you vote for C. A. McMillan you are expressing your disapproval of the present administration and the management of the turnpikes of Bourbon county.

PRESIDENT DOES NOT SEE MEXICAN CRISIS.

A dispatch from Washington yesterday said President Wilson does not believe the public mind in the United States is excited over the situation in Mexico, nor is he convinced that a crisis has been reached in the revolution itself.

FINAL APPEAL TO DEMOCRATIC VOTERS.

To The Voters of Bourbon County: With the election only few days off I desire to again call the attention of the Democratic voters of Bourbon county regarding my candidacy for office of Coroner, to solicit the support of those to whom I have not had an opportunity to present my claims, and to urge my friends to be sure and cast their vote in this race. Since my opponent, Mr. Davis, has failed to make a satisfactory reply to my charges several weeks ago, to the effect that he supported C. J. Barnes, a Republican, against L. J. Fretwell, Democrat, in the Magisterial race four years ago, I trust that the voter will weigh the Democracy of the opposing candidate and cast their vote for a true-blue Democrat, who has never supported any other than the party nominee.

Yours very truly,
GEO. M. KISER.

No man can learn what he has not preparation for learning, however near to his eyes is the subject. About \$350,000.00 was collected from the people of Bourbon in taxes for turnpikes during Judge Dundon's eight years' administration. What has Bourbon County got to show for it?

His Comment.

"They say that women keep the wheels of commerce going." "Maybe so. Here's a woman's program when she buys anything: She opens a handbag, takes out a purse, opens the purse and takes out a coin, shuts the purse and opens the handbag, shuts the handbag and adjusts her veil. I think business would slump if a man had to do all that every time he made a five-cent purchase."

Russia Bans the Poppy.

Russia's department of agriculture has prepared a law prohibiting the culture of the poppy in the trans-Baikal, Amur and Maritime provinces. The cultivation of the plant is to be a criminal offense, as will be also the smoking of opium or the storing or purchasing it, and the purchase of utensils for smoking opium.

Where the Exercise Came in.

KENTUCKIANS' HOME-COMING

ONE MILLION FORMER RESIDENTS INVITED TO ATTEND GREAT CELEBRATION.

RAILROADS OFFER LOW RATES

Perry's Victory on Lake Erie, Battle of Thames and Massacre of River Raisin To Be Reproduced in Fireworks and Sham Battles.

One million expatriated Kentuckians and their children, even to the fourth and fifth generations, have been invited to return to Louisville to participate in the Perry's Victory Centennial Celebration, to be held in that city seven days, beginning September 29. Those particularly invited are the descendants of Kentucky soldiers and sailors of the War of 1812, and it is estimated that 75 per cent of native-born Kentuckians and the descendants of those born in Kentucky in the past century are eligible to participate in such a celebration. Approximately one million people now living in other states are included in the "list of those invited."

The purpose of the Louisville celebration is to commemorate not only Perry's victory on Lake Erie but all other events of the war of 1812. However, in particular honor of Commo-

GOVERNOR ISAAC SHELBY, 1ST OF KENTUCKY
Who in person led the victorious forces in the Battle of the Thames.

dore Perry a special attraction in the Louisville celebration will be the reunion of the Perry family, regardless of kinship. Everybody by the name of "Perry" will be invited to this special entertainment and those who expect to attend are requested to notify Edwin Perry at the Louisville headquarters.

The Kentucky Association, which has in charge the Louisville celebration, has given an order for a quarter of a million ancestry certificates to be handsomely engraved, and which will be filled in and given away as souvenirs to descendants of Kentucky soldiers and sailors of the War of 1812.

Another entertainment in their honor will be a mammoth reception, at which refreshments will be served and opportunity provided for public addresses. For the few remaining actual sons and daughters a banquet will be given. A great ball will be given in the First Regiment Armory, which has a capacity of 20,000 for them.

Forty per cent of the white male population of Kentucky engaged in the War of 1812, consequently forty per cent of the succeeding generation were really sons and daughters of that war, and, estimating that one-half of them intermarried with families which did not participate in the war, sixty per cent of the third generation were grandchildren of the war, and in similar manner at least seventy-five per cent and probably as high as ninety per cent of the fourth and incoming fifth generations are descendants of Kentuckians who fought in that war.

It is estimated that in the state of Kentucky alone one million men, women and children are eligible to participate in the proposed reunion, and it is estimated that another million now living outside of Kentucky are eligible to participate.

During the week of the celebration in Louisville spectacular free events, including features on a mammoth scale not heretofore given with any American celebration, will be provided every afternoon and evening. Pilgrimages to notable historic scenes of interest may be made in the mornings. In addition to free attractions there will be scores of the highest priced amusement concessions that can be secured on the American continent.

The railroads in a radius of 500 miles of Louisville have been asked to make a rate for the celebration week and immediately preceding and following that week of one cent a mile. Railroads running out of Louisville probably will give low rates to other points in Kentucky, so that former Kentuckians who live a great distance can visit their old homes as well as attend the Louisville celebration.

Local committees are preparing an 1812 museum, in which they solicit the loan of any souvenir or relic of the War of 1812, providing the transportation at their expense, and guaranteeing that articles loaned for the week will be returned to owners. This museum for the time being will undoubtedly be the most valuable collection in America.

STOCK AND FARM NOTES

—Danville Messenger: "Mr. W. C. Crpenter, the Perryville farmer and stockman, bought of Elder W. T. May and son, a bunch of hogs to be delivered in September at eight cents."

—The State Insurance Board will be in session in Louisville this week, to take up the question of fixing the insurance rates on tobacco risks in loose leaf warehouses.

—Danville Messenger: "Mr. Monte Fox has received from McKekin and Worthington eighty-two 1,350 pound cattle bought at \$7.80 per hundred and of try bought of Mr. J. B. Honaker, of Hustonville, bought at eight cents."

—The large stock barn belonging to S. J. Monson, at Porter, Scott county, was struck by lightning during a storm Friday night, and was destroyed by the fire which followed. The loss is estimated at between \$12,000 and \$15,000.

—Sharpsburg World: "Elgin and Waller Sharp have sold to C. C. McDonald about 100 big cattle for August delivery. The price paid was \$8 per cwt., with the exception of two carloads, which were taken at \$7.75 per cwt."

—Hardin county farmers have shipped out 5,000 lambs this year and have about an equal number in the pastures ready for shipment whenever a hungry world sends forth a call for them. This industry has distributed thousands of dollars in that vicinity.

—Livestock Inspector William Mitchell, of Mason county, Saturday quarantined a carload of Western horses that arrived in Maysville Saturday from Cynthiana for sale at public auction. The inspector declared that the horses were diseased and refused to allow them to be sold. The owner telegraphed for State Inspector Graham to come and make an inspection, claiming that the animals were all right.

—The best tobacco crop of Scott county is that of Alvin Dickey, of the White Sulphur neighborhood, and which is considered by experts to be a perfect patch of ten acres, now ready to cut, although there has been no rain in that vicinity for the past five or six weeks. There are not one hundred missing plants in the entire tract, which looks like a block of wheat. It is estimated it will yield 1,800 pounds to the acre.

—Articles of incorporation were filed with County Clerk Dillon, in Covington, Thursday, by the New Process Hemp Manufacturing Co., of Covington, Ky., to develop the Kentucky hemp industry. The capital stock is to be 255,000, divided as follows: 10,000 shares at \$100 each, 500 shares preferred "Class A" at \$100 each and 1,000 shares "Class B" preferred at \$100 each. The incorporators are Geo. W. Schofield, of Covington; H. J. Young, of Cincinnati, and W. W. Rowland, of Norwood, O.

—Mt. Sterling Court—Monday was county court day at Mt. Sterling. There were 1,500 cattle on the market of medium quality. The best 1,000-lb steers sold at 7 cents, bulk of sales at from 6½ to 6¾ cents, but there was no heavy cattle on the market. Yearlings brought from 6½ to 7 cents; heifers from 5½ cents to \$6.40; cows at from 4 to 5½ cents; bulls from 5 to 5½ cents. Trade was only fair. May Goff, of Bourbon, bought 34 400-lb steers at 6½ cents from Sam Cole, and 19 400-lb heifers at \$25 per head; Mr. Clark, of Bourbon, bought 22 530-lb steers from Capt. Hurst at \$7; W. T. Treadway sold 20 650-lb heifers to W. F. Brooks, of Bourbon county, at 6 cents. The mule market was very light, but market good.

A vote against Dundon means a protest against the bad roads in Bourbon county. It means a warning to the next Judge that the people will not stand for bad roads when they have to pay taxes for good roads.

THE TEST OF MERIT.
Paris People Are Given Convincing Proof.

No better test of any article can be made than the test of time and this is particularly true of a kidney medicine. Doan's Kidney Pills have stood this test and stood it well. What better proof of the merits of this remedy could you demand than the statement of a Paris resident who used it successfully and tells of the lasting results. Read the following:

Mrs. Laura L. Lair, 1022 High street, Paris, Ky., says: "I had rheumatism and my kidneys were irregular in action. I suffered from headaches and backaches, and at times was dizzy and nervous. A neighbor advised me to try Doan's Kidney Pills and I did. They made me strong and well. I have had no sign of kidney trouble since. I gladly confirm the statement I gave praising Doan's Kidney Pills at the time the cure was made."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The turnpikes of Bourbon county are going down, getting worse and worse each year, although about \$45,000 per year is paid by the people of Bourbon county each year for road taxes. If Judge Dundon does not know how to deal with this subject, he ought to quit.

If he knows, having done nothing, he ought to quit.

Truck Replaced Three Teams

In eleven months this three-ton KisselKar Truck covered in actual service 4,760 miles at a fuel cost of \$1.08 per day. Manned by a driver and one helper, it replaced three teams of horses. The average daily burden was 37 17.20ths tons. It carried an average load of four tons—one ton overload—but in the entire period named, was laid up only two and one-half hours for repairs.

"We can recommend the KisselKar Truck and assure that it lives up to its guarantee," writes Thomas E. Fleischer, manager of the Sheboygan Lime Works.

Two and one-half hours for repairs, carrying over 37 tons per day is a record worthy of notice. KisselKar Trucks cost little to maintain and are economical to operate because the problem is solved in KisselKar construction.

Note these striking KisselKar features—Simple engine—easy to operate—reserve power—excess capacity—differential lock preventing one drive wheel absorbing all the power on slippery places, and stalling the truck—four speed transmitters geared up—fourth speed permitting high speed when desired without racing engine; 15 to 20 per cent. lower fuel consumption than average trucks—light spring suspension for power plant, heavy spring suspension for load—gauge that weighs load—greatest accessibility—easy control—larger brake drums, and extra powerful brakes—special bodies designed to meet every need.

KisselKar Trucks

1500 lbs.-1-2-3-4 and 5 Tons

In the range of capacity, 1500 lbs. to 5 tons, you can find just the type that fills your requirements—and with the KisselKar Truck goes the KisselKar Service, which is the manufacturer's guarantee of satisfaction.

KisselKar Service means taking off your hands all of the mechanical details. A special service building is maintained in this city for the benefit of KisselKar owners. The KisselKar service is a broad and comprehensive arrangement between manufacturer and owners that cares for the car, maintains efficiency, retards depreciation and minimizes upkeep. This service is a valuable consideration in the purchase of a power wagon. Investigate it.

Ask us to analyze your present horse haulage as compared to motor haulage. The result will be interesting.

You cannot vote for Judge Dundon without endorsing his administration. The people of Bourbon have done their part promptly each year. They have paid about \$45,000 each year to the Treasurer of Bourbon county for roads. But they have no roads. Will you endorse an administration which collects your taxes but gives you no roads?

DEATHS AND FUNERALS

ORME.

STOCK AND FARM NOTES

—John K. Northcutt, of Cynthiana, breeder of high-class Shorthorn cattle and Duroc swine, recently purchased a son of the great King Cumberland to head his herd of cattle.

—A news dispatch from Sharpsburg says two of the best stock sales recently reported in that section were the following sales made Wednesday: Mr. Hughes Atkinson sold to a West Virginia party a pair of sixteen-hand-highmare mules for \$550, and J. O. Ralls sold to T. S. Robertson, of Bethel, a mare mule colt, three months old, for \$185.

—Fifteen hundred hogs were shipped from the Glasgow depot one day last week to the Louisville and Cincinnati markets. Some two years ago when so much tobacco was raised in that section and but little feed was grown, there was a hog famine in Barren county. When the real conditions became known the farmers and stockmen became alarmed and many of the citizens purchased hogs in Illinois, Indiana and Ohio and brought them to that section. Just how successful they have been is shown in their shipments last week.

—Probably the best yield of wheat in Fayette county, so far reported this season, was produced on the farm of A. B. Bateman, who resides six miles from Lexington, on the Iron Works pike. Mr. Bateman had his crop threshed this week, and one piece of two acres made an average of 40 bushels to the acre. Another field of sixteen acres showed a yield of 18 bushels to the acre. The thrasher man who threshed Mr. Bateman's crop stated that he has been threshing all over the county, and the forty bushel yield on Mr. Bateman's place is the best that he has so far seen or heard of.

AFTER YEARS OF FREEDOM. SLAYER RETURNS TO GIVE UP.

George Koors, 54 years old, sentenced to the penitentiary for life from Covington, Ky., in 1882, for the murder of his brother-in-law, H. H. Burns, of that city, and who escaped from the Frankfort penitentiary in 1892, returned to the prison Friday night and begged Warden Wells to admit him to serve his term.

During the 21 years of liberty Koors has not had one minute's peace. He has been pursued by the ghost of the slain man. Realizing that he must live a life of misery as a punishment for his crime, Koors decided that he should live it within prison walls.

He was taken to Gov. McCreary by Warden Wells, and if sane will probably be pardoned. He is suffering from neuritis and is a physical wreck. Koors killed Burns for striking his sister.

Since his escape, Koors has traveled all over the world, finally landing in New York City. There he married Lottie Brugger, whose residence, he says, was raided a week ago, and she was sent to the Tombs. He then decided to surrender.

ROYAL WELCOME TO FORMER PARIS MINISTER.

The Clinton, South Carolina, Chronicle, says:

"At the First Baptist church last Sunday evening, Rev. E. M. Lightfoot, the new pastor, was extended a hearty welcome by the pastors and people of Clinton, irrespective of denominations, both as pastor of the church and a citizen of this community. The service was characterized by a spirit of sincerity, cordiality, and brotherly love, each of the pastors manifesting a real pleasure in the opportunity of expressing in behalf of the churches, a warm and cordial welcome to the man who is to be the leader of the Baptist church of this city.

"Rev. S. O. Cantey, of the Methodist church, was called upon for a few words. In a very cheerful manner he welcomed Rev. Lightfoot to the city.

"In his response to the warm words of welcome from the local pastors Rev. Lightfoot expressed his heartfelt appreciation for the cordial greetings extended him. He spoke of the Christian spirit manifested in the greetings, and the unity of purpose as exemplified by the churches. He said that he was glad to get back home to South Carolina, and especially to Clinton, declaring that as he entered upon his field of labor that he stood ready to lend his assistance in any undertakings that are for the betterment of the town and the cause of righteousness in his community. He then delivered a very powerful and impressive message, and one that will not be soon forgotten by his hearers. He chose as his theme, 'Light,' pointing out the importance of all Christians letting their lights shine, and to live by and for the gospel each day. Upon all his hearers he made a powerful impression.

"It was an impressive and touching service, marked throughout with a spirit of brotherly feeling. The Sunday school room and the church auditorium were filled to their fullest capacity. Mr. Lightfoot comes here from Paris, Ky., as a successor to Rev. L. A. Cooper, who resigned as pastor of the church just one year ago."

SUSPENSIONS LIKELY IN THE REVENUE SERVICE.

As a result of official visits to various distilleries of the Seventh Internal Revenue District by an inspector from the office of R. C. Shelly, Internal Revenue Agent for Kentucky, of Louisville, it is expected that there will be a wholesale suspension of storekeepers and storekeeper-gaugers. The inspector is quietly at work among the men ascertaining just how many can be dropped without crippling the service, and it is authoritatively stated that fifty or more of those who have been drawing \$4 per day from Uncle Sam are slated to go about Aug. 17. Democrats are expected to succeed them after a civil service examination.

Myers. The girls waded into the river up to their skirts to be sprayed by the waves. The sand washed from under their feet, and Miss Culter got beyond her depth.
